Dr. Walter L. Pforzheimer

STAT

Dear Dr. Pforzheimer:

Please find enclosed two addressed stamped envelopes, one for each of the transcripts you presently have.

My thinking is that once you finish reviewing the first, you can send it back to us without the necessity of waiting until the second is complete. That way we can get the first into final form that much sooner. You can then return the second after you have had the chance to review it.

Again, rest assured of our appreciation for your time and effort in these matters. In addition, thank you for the many kindnesses you have extended to me personally.

With warm regards,

STAT
